

## German-Podcast.de - 007 – Wie war die Konferenz?

Welcome to German-Podcast.de. The Podcast to learn German.

Our lesson of today continues with Hans a German programmer who arrived at the airport in Hamburg in one of our last sessions. He is still at the airport with Julia, a friend he met there in a bar. She asks him how his trip to England has been. He tells her about the conference he spoke at.

See <http://german-podcast.blogspot.com> for the corresponding Webpage.

<p>L: Wie war Deine Reise nach England? H: Toll! Die Software-Konferenz war langweilig, aber mein Vortrag kam gut an. L: Und die Stadt? H: Es hatte viel Nebel .-) L: Hast Du Big Ben gesehen? H: Ja, natürlich. Aber es war schwer einen guten Kaffee zu bekommen. Dir hätte es gefallen, sie trinken viel Tee. Ich erzähle Dir mehr, wenn wir zu Hause sind. Dann zeige ich Dir auch die Fotos, okay? L: Super, ich freue mich.</p>	<p>How was your trip to England? Super! The software-conference was boring, but my presentation was a hit. And the city? There was much fog .-) Did you see Big Ben? Yes, sure. But it was hard to find a good coffee. You would have loved it, they are drinking lots of tea. I will tell you more when we are home. And there I will show you the pictures as well, okay? Super, I am looking forward to it.</p>
---	--

The pictures shows me at a software conference in Berlin in 2006 speaking about software testautomation.
